Dear Sir,

This letter is to express my interest in the position as an Assistant Officer on Information technology for your company announced in the December listed on your website. The position seems an ideal opportunity for me as it matches my experience, knowledge and career aspirations.

I have completed my graduation from American International University of Bangladesh. I have a Bachelor's Degree in Computer Science and experience with SQL, Javascript, HTML, CSS and JQuery. I also have experience on software architecture, programming and software design pattern for about 3 years. I am confident that I can be a beneficial addition to your Information technology team.

Being assistant professor at your company will provide me the opportunity to put my educational knowledge to work. I'm well prepared to work with others on a team. I'm a hard worker who is constantly looking for ways to learn more about what I love and I can think of no better way to get that experience than with a company like yours.

I enclose my resume for your review. I would welcome the opportunity to talk to you and I hope that you will invite me for an interview. I thank you for your time and I look forward to hearing from you.

Your sincerely,

Md. Abdul Hamid
